**Cinnamon Bay**  
BEACH AND CAMPGROUND

A SLICE OF PARADISE REIMAGINED

We recently had the pleasure of helping a well-established vacation destination in St. John to have their glow up!

We worked hand-in-hand with Adrian Davis, the managing director of the Cinnamon Bay Beach and Campground, to update their cottage accommodations.

Cinnamon Bay is known for its breathtaking natural environment and proximity to the beach. There are 10 cottages on the property which previously had low ceilings and bed cots. These cottages now feature high/vaulted ceilings and our extremely durable furniture! We are so proud!

Excellent communication and a laser focus on logistics and delivery allowed this project go off without a hitch!
