- ✓ Financial management coaching
- ✓ Spiritual support

**Addressing the root causes of homelessness through a compassionate, faith-based recovery process providing guidance, support and accountability.**

**We are honored to have provided furniture for the Shepura Men's Center. This remarkable facility is dedicated to transforming lives. Located on the serene grounds of the Old Thomas School, this campus serves over 80 clients. A safe and supportive environment is offered to men seeking a second chance for healing and rebuilding their lives.**

**The Shepura Men's Center's mission is to guide men ages 19 and older through a holistic, faith based program. Individualized counseling, case management, spiritual care, education, and life skills training are core offerings. This mission empowers these men to address the root causes of their struggles and realize their God-given potential. As they move through the program and into the Continuum of Care, clients continue to receive support until they are ready to thrive independently.**

**It's inspiring to see the incredible work being done at Shepura Men's Center. We are proud to have contributed to making this facility a welcoming and healing place for all who come through its doors!**
