## Rothstein Village: A Partnership Built on Purpose and Hope

Furniture Concepts proudly partnered with The City Mission to fully furnish the newly opened Rothstein Village Transitional Housing for Families, located on the campus of Laura's Home Women's Crisis Center in Cleveland, Ohio. This groundbreaking initiative was made possible through the generosity of Dr. Fred and Jackie Rothstein. They are providing a life-changing opportunity for women and children transitioning out of crisis.

Rothstein Village offers rent-free housing for 18 to 24 months to mothers who have completed 9-12 months of individualized programming at Laura's Home. With continued access to on-site support—including workforce development, financial coaching, and case management—residents are given the time and tools they need to achieve long-term stability.

At Furniture Concepts, we understand the critical role that safe, comfortable, and durable furniture plays in group living environments. Our contract-grade furnishings were the perfect fit to support the mission of Rothstein Village. The creation of warm and dignified living spaces provides a secure foundation for families to rebuild their lives.

We are honored to contribute to a project that not only provides shelter but also fosters transformation and empowerment across generations. Rothstein Village is a shining example of what happens when compassion, vision, and community come together.
